

Ingi Bjarni — Solo Piano

Solo piano — the album Lessons (2021), released with a book of sheet music.

BIOGRAPHY

In his solo work Ingi Bjarni distils his music to piano alone. His 2021 album *Lessons* gathers pieces ranging from fully composed writing for both hands to passages open to improvisation, released alongside a book of sheet music. The playing is clear and unhurried, each note given weight, his own poetics shaping every phrase.
